

Order of calibration

Company:

Contact:

Phone: E-mail:

Delivery Address:

Invoice Address:

E-mail for invoice:

Order no:

Requested calibration:

Quantity	Object	Levels/points	Accredited	
			Yes	No

For temperature and pressure calibration, the required levels must be set, for example, 0 °C, 70 °C and 120 °C

Delivery time:

- Measuring devices, which are sent to Elastocon Mätcentrum for calibration, are normally returned within 10 business days.
- **When booking in advance, an agreement can be made for faster delivery.**

- ☐ I want the meter to be marked with the next calibration date. Enter calibration interval here:
- ☐ I want the meter to be adjusted if it is beyond tolerances.
- ☐ An extra rate (+100 %) will be claimed if faster delivery is desired and no booking has been made.

Elastocon Mätcentrum is the part of Elastocon AB performing calibration
